

Web Site - The most exciting news besides our name change and our expanded boundaries was the design and announcement at Evening on Astor of our new web site www.goldcoastneighbors.org. Our committee, headed by Cindy Bromelmeier, has captured the spirit and heritage of our special neighborhood and has challenged us to know more about our area and the importance of protecting it.

The “Home Page” leads you to over 20 separate pages, some 200 photos and 20 links which we hope will be of interest. Some of the topics:
